[Malibu, CA] — Sunset Malibu, an exclusive drug and alcohol treatment center on the California coast, has long been a transformational force in the field of treatment and recovery. Now, Sunset has redoubled its efforts in the fight against alcoholism. For clients and their families, those efforts can make all the difference in the world.

Alcohol abuse is a devastating disease, one that strips its victims of their hope and joy dignity. The good news, though, is that targeted alcohol rehabilitation programs really can help patients rediscover themselves as they used to be—but only if those programs meet the unique individual needs of the individual clients.

Those considerations are at the heart of Sunset Malibu's treatment philosophy. As a result, Sunset Malibu's alcohol treatment programs change lives.

With its world-class caregivers and elegant accommodations, Sunset Malibu is an unparalleled recovery destination. The center has always catered to upscale clients from every corner of the globe. Now Sunset is renewing its

commitment to its core values, with the goal of delivering life-changing care to individuals who seek it.

At Sunset Malibu, no pursuit could ever be more fulfilling than that of becoming whole again.

"Alcoholism can destroy families and careers," Sunset Malibu owner Richard Taite said. "Our foremost goal is to help clients develop the skills and strength they need to rebuild their world from the ground up."

When it comes to the best [alcoholism treatment Los Angeles](#) has to offer, that passion to create change is precisely what sets Sunset apart from its competitors.

There are plenty of alcohol recovery facilities in Southern California. But many of them offer the same generic treatment programs to all of their clients. It's as if what worked for one victim of alcoholism should work for them all. But this simply isn't the case. To pretend otherwise can grossly jeopardize the healing process. Such results unforgivable and unnecessary.

"Our clients trust us with their lives," Taite said. "It's a humbling and inspiring responsibility, and we respond to it with the utmost dedication. Our treatment methods, along with education and counseling, reflect our commitment to every individual who walks through our doors."

Alcohol abuse is a pernicious foe, but not an unconquerable one. Sunset Malibu is committed to helping alcoholism victims rediscover themselves as they used to be, and life as they used to know it. The center's record of success speaks for itself.

Sunset's residents really do heal from the inside-out. For clients and their families, no outcome could ever possibly be more desirable.
