Cypress, CA –July 6 th , 2009-- Global Electronic Technology, Inc. (GET), a leader in payment processing solutions, today announced a strategic alliance with eProcessing Network, LLC. (ePN) a cutting edge payment gateway and software development company. This alliance will offer GET merchants a suite of wireless payment solutions on mobile phones/PDAs, laptops, and the ever-so-popular ePNPlugIn for QuickBooks™ to accept payments within QuickBooks™.

“Our continuous focus on innovations for emerging markets often enables GET to partner with companies such as eProcessing Network

to access ways to integrate our transaction processing with new systems,” said Steven H. Bryson, Chief Executive Officer of Global Electronic Technology, Inc. (GET). “GET offers a broad range of synergistic merchant products and management solutions for online merchants such as BillPay, Recurring Bill, SMS Bill, and our new turn-key internet store front GETshop.

“We are thrilled to be partnering with a top-notch company, like Global Electronic Technology, Inc. (GET),” says Steve Sotis, President of eProcessing Network. “Combining ePN's secure and reliable PCI-compliant payment gateway solutions, which includes PABP-compliant ePNMobile, ePNJPOS, and ePNPlugIn for QuickBooks, with GET's end-to-end processing for their sales channels opens up a wide variety of merchant opportunities.”

About eProcessing Network, LLC. (ePN)

eProcessing Network, LLC is a software development company specializing in secure, real-time transaction processing services and support. The eProcessing Network Payment Gateway processes merchant transactions using each merchant's credit card, ACH/check and/or shipping account. Headquartered in Houston, Texas, eProcessing Network is certified to process a comprehensive suite of electronic payment transactions through many processing platforms, including First Data, Global Payments, Paymentech, TSYS, Elavon and CrossCheck. Its integrated solutions are also certified through MagTek, AT&T, FedEx and the U.S. Postal System. eProcessing Network is a registered Visa USA Third Party Service Provider and is compliant with the PCI Data Security Standard.

About Global Electronic Technology, Inc. (GET)

Global Electronic Technology, Inc. (GET) is a leading technology provider of end-to-end payment processing solutions, including virtual terminal, payment gateway, GETShop, on-line ACH, and loyalty and gift card programs. Founded in 2000 by Steven H. Bryson and currently privately owned, GET has grown to epitomize the word “global”, by offering state-of-the-art payment processing product and services to diversified industries, extending from retail to internet-based transactions in the worldwide payment industry.
